

Providing trusted expertise and equipment to improve the traffic network across Lincolnshire

Chevron TM has worked closely with Kier Integrated services since 2010 offering a range of traffic management solutions. By implementing best practices through an internal compliance audit program, Chevron TM has ensured that works undertaken met the high standards expected by Kier, the local authority and conformed to regulatory requirements.

The Challenge

The Lincolnshire contract was mobilized in 2007 and Chevron worked with another agency before Kier Highways acquired and managed the contract. Over time the contract requirements evolved, requiring Chevron to work with multiple agencies supporting the contract as well as ensure service requirements were being met.

Our Solution

Chevron TM's collaborative approach helped Kier Highways create a cost-effective traffic management plan which embraced the latest technology and process management practices. Chevron TM's proposal to integrated with client systems so that clients could make informed decisions on areas such as invoicing, approval works and much more. With access to one of the largest stocks of traffic and event management equipment in the UK coupled with trained expertise and crew, Chevron TM could mobilise teams across Lincolnshire to provide a range of services including:

- 2-way Stop / Go Operations
- 3-Way Stop / Go Operations
- 4-Way Stop / Go Operations
- 2-Way Traffic Signals
- Multiphase Traffic Signals
- Road Closures and Diversions
- Convoy Operations
- Bespoke Signage
- Emergency Works
- Impact Protection Vehicle (IPV) Works
- Labour Supply
- Site Specific CAD Plans
- Site Consultancy
- Council Liaisons
- Customer Liaisons
- Priority Systems
- Pedestrian Management
- Resurfacing works
- Grass Cutting
- Highway furniture installations / repairs
- Highway repair works

Chevron TM take a collaborative approach to integrate clients systems and processes into a comprehensive traffic management plan.

“Chevron (previously known as TMS Retford) are a key partner in our delivery in the Lincolnshire Highway Alliance and have contributed greatly to our ability to achieve efficiencies and to deliver a quality highways service.”

**Mike Smith, General Manager
Kier Integrated Services**
